FOR IMMEDIATE RELEASE

CardioCard[®] PC Based Dual Stress and ECG System

CENTRAL SQUARE, NY: March 1, 2017—Nasiff Associates, Inc. announces new technology for our current PC based CardioResting[™] and CardioStress[™] Testing ECG Systems. The CardioResting[™] Dual Connectivity and CardioStress[™] Dual Connectivity ECG System allow the caretaker the ability to perform USB or Bluetooth ECG testing from the same device depending on your needs. Perform fast testing and manage them easily at the point-of-care. Nasiff Associates continues to take the lead in PC based CardioResting[™] and CardioStress[™] Testing ECG Systems. The healthcare professional is not dependent on environment or location and can perform USB or Bluetooth from the same device. **Save time—Save lives!**

This is a true alternative for 12-lead interpretive PC based ECG and Stress Testing with the ability to choose which technology best fits the needs of your environment or location at any given time. All Nasiff CardioCard[®] products are feature rich and competitively priced.

All Nasiff CardioCard[®] products have:

- A Cardio Universal EMR Interface[™] for most EMRs
- A Cardio Patient Data Management[™] System
- Built-In networking, unlimited patient database with advanced security
- Excellent customer support and training
- Reliable, user-friendly, compact and durable devices
- Feature rich at competitive pricing
- Veteran Owned and developed and manufactured in the USA for legendary quality
- FDA clearance since 1989

All Nasiff CardioCard[®] products come with a 2-year warranty on all devices and software. Nasiff Associates also provide technical and customer support and on all devices via web or phone.

Please contact Nasiff Associates, Inc. for additional information and the distributor nearest to you.

#####

About Nasiff

Founded in 1989, Nasiff Associates is a Medical Technology Company and leader in diagnostic cardiology medical devices including ECG/EKG devices and systems. The first company to produce a clinically useful PC-based CardioResting[™] ECG, PC-based CardioStress[™] (Stress ECG), CardioHolter[™] (Monitor), CardioSuite[™] ECG System (all-in-one cardiology system consisting of Resting, Stress and Holter) and CardioVitals[™]. All products are developed and manufactured in the USA to maintain top quality control and unsurpassable customer care. All systems come complete with the Cardio Universal EMR Interface[™]. More information about Nasiff products can be found at www.nasiff.com.
