Fax: (778) 759-9974

To whom so ever this may concern:

We have enjoyed our Cardiology practice growing significantly over the many years we have been using the Nasiff Cardio systems. We are very busy doing about 20-40 ECG and Stress tests daily. The Cardio ECG and Stress systems have been key top quality and reliable workhorses for us. Nasiff's customer support has been prompt and responsive with solutions every time on those rare occasions we had to call in. We look forward to many more years growing with Nasiff Associates.

Sincerely,

Dr. Sajal Jain
