Capability Statement

Nasiff Associates, Inc.
leading patient care

CORE COMPETENCIES

Nasiff Associates, Inc. (NAI) is a leading manufacturer of PC based Cardiology diagnostic equipment, namely the Cardio Card ECG, Stress and Holter systems. Nasiff Associates has many core competencies which include manufacturing top quality medical products that are market proven over time, providing best customer support and technical expertise, developing innovative cutting technology, providing best pricing, and focusing on relationship building, integrity and flexibility. Made and developed in the USA, veteran owned small business.

PAST PERFORMANCE

Nasiff Associates, Inc.'s past performance is evident by being in business successfully for over 30 years in a very complex and competitive market. Sales have increased year after year and continues to grow. We have produced top quality and full featured products at competitive pricing. We have not raised prices to keep our distributors competitive for their customers. We are feature-rich and competitively priced. If any issues arise, we deal with them immediately to our customer's satisfaction.

DIFFERENTIATIONS (SPECIFICATIONS/BENEFITS)

There are many things that separate Nasiff Associates, Inc. from our competitors. NAI is the first and leader of many of the PCbased cardiology diagnostic developments. Please go to the following to read about our history.

Nasiff Associates CardioCard has rich features, unique capabilities, the best products with a price advantage.

The Nasiff CardioCard:

- *has legendary quality with outstanding and free training and support*
- *integrates multiple tests in one user interface for ease of use*
- *has an unlimited patient database that is networkable and fully integrates all patient tests (e.g., Resting, Stress and Holter)*
- *provides a comprehensive roles-based password security system*
- *maintains a system for providers to confirm tests*
- *provides integrated support for multiple healthcare providers and facilities*
- *as free built-in standard EMR interfaces (e.g., pdfs, bidirectional Dicom, bidirectional HL7…)*
- *remotely sends data through the optional built-in CardioHospital*
- *provides advanced paperless electronic reports as well as the ability to print*
- *has full interpretations for Resting and Stress tests*
- *provides full disclosure for all ECG, Stress and Holter tests*
- *has settings to freeze and playback during and post Stress testing*
- *Resting and Stress systems also available with wireless and bluetooth connectivity*
- *has full diagnostic gain range (2.5, 5, 10, 10/5, 20, 40)*
- *Holter has auto analysis and multi editing options*
- *Holter has a full range of complex classifications: (e.g., PVC/VE, VE run, couplet, bigeminy, trigeminy, SVE, SVE couplet, SVE run, pauses, AFib, brady, tachy, sinus arrhythmia)*
- *is reliable, portable, durable and user-friendly*
- *is a veteran owned small business that is developed, supported and manufactured in the USA*
- *has FDA since 1990, ISO 13485 and MDSAP*
- *runs all Windows operating systems from XP through Windows 11 as well as MACs with a virtual Windows program*
- *has no additional recurring fees with standard CardioCard products*

COMPANY DATA

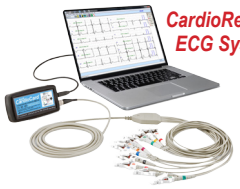
Nasiff Associates, Inc. founded in 1989 is the originator of PC-based cardiology systems and the first company in the world to develop clinically operational PC-based ECG products and services. NAI is a Medical Technology Company and leader in diagnostic medical devices with over thirty years of experience and expertise. The first company to produce a clinically useful PC-based CardioResting ECG, PC-based CardioStress Testing, CardioHolter Monitoring, CardioSuite ECG System (all-in-one cardiology system consisting of Resting, Stress and Holter) and CardioVitals. All products are developed and manufactured

in the USA to maintain top quality control with unsurpassed customer care. All CardioCard products come complete with the Cardio Universal EMR Interface. The Nasiff mission is to be the provider of high value, high quality solution to the diagnostic healthcare marketplace; a true alternative to the competition. NAI is a veteran owned small business, more information about our products can be found at www.nasiff.com.

CORE PRODUCTS

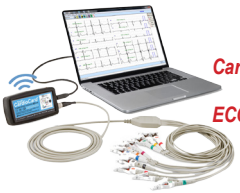
Nasiff Associates, Inc. focuses on our core competencies, our core products are:

- **CardioResting® PC Based ECG System***
  - **CardioResting Bluetooth PC Based ECG System**
  - **CardioResting Mobile** *(wireless)* **PC Based ECG System**
  - **CardioResting Dual** *(USB and Bluetooth Connectivity)* **PC Based ECG System**
- **CardioStress® Testing PC Based System**
  - **CardioStress Testing Bluetooth PC Based System**
  - **CardioStress Testing Dual** *(USB and Bluetooth Connectivity)* **PC Based System**
- **CardioHolter® Monitoring PC Based System*** *(24-96 hour recording)*
- **CardioCard® MiniSuite PC Based ECG System** *(Resting and Holter all-in-in one)*
  - **CardioResting Device** *(available in USB and Bluetooth)*
  - **CardioHolter Monitoring Recorder**
- **CardioSuite® PC Based ECG System** *(Resting, Stress and Holter all-in-in one)*
  - **CardioResting/CardioStress Testing Device** *(available in USB and Bluetooth)*
  - **CardioHolter Monitoring Recorder**
- **CardioResting Automatic Blood Pressure PC Based ECG System** *(VITALS: available with SpO2 and Temperature)*
- **CardioStress Testing Automatic Blood Pressure PC Based System**



CardioResting ECG System

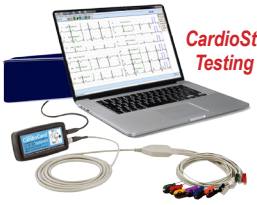
CardioResting Bluetooth (wireless) ECG System



CardioResting Dual (USB and Bluetooth) ECG System

CardioHolter Monitoring System

CardioStress Testing System *(available in USB and Bluetooth)*

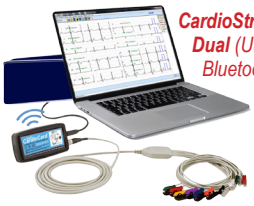


CardioStress Testing System

CardioStress Testing Bluetooth System

CardioResting/ Stress Automatic Blood Pressure System

CardioStress Testing Automatic Blood Pressure System



CardioStress Testing Dual (USB and Bluetooth) System

** Available for Veterinarians*
